Dr. J. C. David, MBBS., Ph.D., (Edin).,  
Surgeon-General with the Government of Madras, Madras.

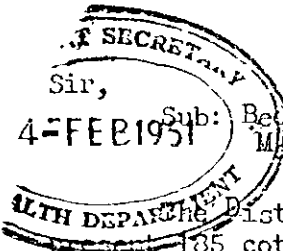

To

The Secretary to Government, Health Department, Madras.

Ref. 104847-A.2/50-2 dated 3-2-1951.

Sir,

Sub: Bedsteads and Bedside lockers - Purchase for the Head quarters Hospital  
Mangalore.

5346

The District Medical officer, South Kanara reports that there are at present 185 cots and 129 bedside lockers in the head quarters Hospital and that much difficulty is experienced for accommodating the extra in-patients. Out of the 185 cots he reports that 43 cots are very old, have served well and have become unserviceable and irreparable.

The daily average number of in-patients in the hospital is about 200. To cope with the demand of the public, the hospital should have a minimum of 58 cots and 71 lockers. The District Medical officer has requested sanction for the purchase of 16 cots and 22 lockers only in view of the paucity of funds of the hospital and it is proposed to purchase them from the Government Coach building factory, Chrompet. The total cost works out to Rs. 2,410/- (Rs. two thousand four hundred and ten) only exclusive of freight and packing charges from Chrompet to Mangalore.

3. I request that the Government will be pleased to accord sanction for the purchase of 16 cots and 22 lockers for the head quarters Hospital, Mangalore to remove the congestion now prevailing there.

The expenditure will be met from the ~~Budget~~ allotment to be sanctioned for the year 1951-52 38. Medical-b.B. Muffassal Hospitals and Dispensaries I. Ordinary areas - Medicines and Hospital necessities."

614. A/ Very old means what? (I am asking these questions  
as I believe that in few hospitals are stores registers  
& furniture & equipment properly maintained).  
So I have added a para to cover A'.
